Calculating farmer's premium

- ❑ The premium to be borne by the farmer and Govt. will be displayed along with the Sum Insured

The image shows a web-based 'Insurance Premium Calculator' interface. It features two data entry tables. The first table is for insurance company details, and the second is for crop and area details. The results of the calculation are displayed at the bottom right, showing the premium paid by the farmer and the government, along with the sum insured. The interface includes a green header bar with a plus sign icon, a close button (X), and a green footer bar with 'Reset' and 'Calculate' buttons. A large green Euro symbol (€) is visible in the background on the right side.
